

Campus W.U.S. Drive Success

Tuition Fee Rise Here Postponed

Student Prexies Against Measure

Thanks in part to the lobbying of U.C. and State College Student Body Presidents, the California Senate voted unanimously last week to postpone action on Governor Goodwin J. Knight's proposal to raise student fees. The Senate plans to study the fee problem for another year.

The Senate vote came shortly after the Student Body Presidents of Fresno State, S.F. State, and the Universities of California at Berkeley, Davis, Los Angeles, and Santa Barbara had met with senators and explained student opposition to the raising of fees.

OPPOSITION SCORED

This opposition according to Bert Phillips, Student Body President of S.F. State, is based on the idea that if fees are raised, students will be unable to support themselves and their studies and be unable to gain full benefits of a college education. The idea of a State College system is to enable students of low financial means to become formally educated.

Mr. Phillips gave figures to support his idea that raised fees would handicap many students. Already 51 per cent of the full time students at S.F. State earn all or part of their support. Of this 51 per cent almost half have jobs which take more than 15 hours a week.

FINANCES SHORT

Last year, according to Mr. Phillips, 32 per cent of the students dropping out did so for financial reasons. A fee increase would force more students to work and cause many of those now working to drop from college.

Mr. Phillips is preparing a report on the subject of raising fees which he plans to send to the Senate Finance Committee and to the governor. Governor Knight is in favor of the raise because he feels that the cost of education has gone up and that students should help pay for the increase. The governor is giving the matter his close attention.

GOVERNOR KNIGHT TO SPEAK HERE IN MAY

Governor Goodwin J. Knight will be a featured speaker at the Pacific Student Presidents Association conference to be held at S.F. State on May 12 to 15. There will be about 200 delegates from colleges in British Columbia, Mexico, Hawaii, and 11 western states. Student Body President Bert Phillips is in charge of the arrangements for the conference.

Budget Deadline Set For Subsidized Clubs

The Board of Control announced that the May 3 deadline for budget requests from the various on-campus groups subsidized by the Associated Students must be adhered to.

All such organizations are requested to have their petitions turned in to the Business Office by the May 3 deadline. Special forms have been made available to all groups at the Business Office.

Classes to Be Let Out for Assembly

Classes will be dismissed on both the old campus and new campus so students may attend the Spring Assembly, 11 a.m., March 31, men's gym.

Highlighting the event will be a talk given by Lt. Paul T. O'Dowd, U.S.A. Lt. O'Dowd was one of five men given high citations in Korea for helping to thwart communist efforts at converting American POW's.

Lt. O'Dowd graduated from Lowell High school, here in San Francisco. In 1943 after serving with the Marine Corps in World War II, he returned to attend college at the University of San Francisco. He received his commission as lieutenant of Artillery in 1948. On February 12, 1951, he was taken prisoner in Korea while acting as liaison officer for the 8th ROK Division.

On the program for entertainment at the assembly are selections by the school choir. The following is a schedule for class dismissal:

New campus—10:45-12:00.
Old campus—10:00-1:00.

OFFICIAL NOTICE

All students who expect to receive credentials at the end of the semester are required to make their application in the Registrar's office.

Accompanying the application must be two sets of fingerprint cards. All students registered in Education 130 and 150.1 and all other students who expect to receive their credentials in January, 1955, are urged to have their fingerprints taken now.

Arrangements have been made for fingerprints to be taken at the old campus in College Hall, Room 100, March 18-31, 12:30-3:30 p.m.

Fingerprints will not be taken at any other time, so make arrangements to complete this very necessary step on the scheduled dates.

Both of the residence halls for male students at S.F. State have vacancies at the present time.

One of these halls is on campus. The other one, known as "The Rock" is located on Mariposa street.

Further information may be obtained by inquiring at the housing office, Room 168, in the Administration building.

College 'Y' Wins Top Honors in Campaign

Student Body Vote To Decide Changes

Major revisions of the student body constitution were approved by the Board of Directors last Tuesday and will be placed on the ballot in the coming general elections April 22 and 23.

Other actions taken by the Board were as follows:

1. Dan Caldwell was appointed assistant activities commissioner to succeed Ron Byrnes.
2. President Bert Phillips appointed a committee to obtain an activity hour for the student body next semester wherein organizations could have a free hour each week to hold meetings.
3. The Board approved a recommendation to the Board of Publications that they consider the possibility of running each week a digest of the Board of Directors minutes in the Golden Gater.

Board in New Move On Subsidization

In an effort to replace spontaneous confusion with orderly procedure, the Board of Control, in effect, warned all subsidized campus organizations that the proposed set of "criteria" will determine the amount of future subsidization.

Jack Anderson, board member and former treasurer of the Associated Students, moved that the committee, which will determine a definite "criteria for evaluating budgets" submitted to the Board by subsidized campus organizations give their report in two weeks.

As one Board member put it: "they're set for us; let's be set for them, this time!" Purpose of the action was to aid the Board in administering financial justice to the campus groups, rather than let immediate circumstances dominate the decision making of budget matters.

Claude Crownover, chairman of the Subsidization Criteria Committee, listed several points for future subsidizing of on-campus groups, prominent among which were that the group in question must serve the entire campus and be non-discriminatory as to color, race, or creed.

Psychology Club to Map Summer Programs

The psychology club will meet next Monday, March 29, in Frederick Burk 114 to build their summer programs. Included in the future plans are possible affiliation with the national psychology fraternity and establishment of a library for members.

Contact President Hal Simpson for further details.

Will the party who found a pearl ear ring on the Natural Science Building Bulletin Board, PLEASE turn it in to the Student Body Office. The ear ring has great sentimental value to the owner. Thank you.

A \$700 contribution to World University Service was the rewarding result of the most successful W.U.S. campaign in the history of San Francisco State College.

Lead by Carol Hunter's Y.M.C.A. group, numerous campus organizations canvassed the campus so enthusiastically that \$567 was gathered on Tag Day alone.

Entrance Rules May Be Raised

At the recent meeting of State college Presidents, Dr. J. Paul Leonard was authorized to appoint a committee to study the problem of raising entrance requirements for freshman and transfer students.

The state legislature auditor, Mr. Alan Post, has suggested that requirements should be raised. "The State of California is sending students to college who should not go because of their qualifications," was Mr. Post's recent comment.

President Leonard's committee, which is made up of 13 representatives from the various state colleges, are studying the problem with two basic questions in mind.

- 1) Who should go to State colleges in terms of the program of instruction offered.
- 2) What processes and standards should be used to select from the applicants? The committee met at S. F. State on March 23 and 24.

According to President Leonard, the state colleges must raise their entrance requirements because of the lack of facilities for students already attending. S.F. State has about 100 students over its maximum load now, and a normal enrollment next fall would cause a very serious overflow.

If the enrollment requirements are stiffened and the admissions fees are raised as proposed, the number of enrollments next fall are expected to drop considerably. If the committee decides that students should be admitted in terms of the program of instruction offered, the school will probably have an increased number of teaching students in relation to the total number of students.

SECRETARIAL POOL

Students can still be used for secretarial work in the ASSFSC Activities Office. Interested persons having experience in typing, stenciling, etc., are invited to join the secretarial pool. Sign up at Business Office, Hut T-1.

WORLD AT LARGE

Restored 'Last Supper' to Be Formally Shown in April

By MOHAMMED ASWAQ

The battle of the "Last Supper" was finally won by Pelliccioli who restored the painting in the original "tempera forte." It will be formally inaugurated this coming April.

The "Last Supper," the famous fresco painted by Leonardo, was commissioned to him by Ludovico il Moro, Duke of Milan, for the Dominican refractory of Santa Maria delle Grazie.

Twenty years after Leonardo completed his masterpiece, the contemporaries noticed its gradual deterioration. The Second World War and the following winters made the painting an ideal medium for white fungus.

PAINTING SAVED

The great Italian restorers gathered in Milan to discuss the problem of restoring this painting. They all agreed on

consolidating the painting by injecting behind its crust the purest Indian lacquer dissolved in alcohol. This, though not the best, brought the painting to its pre-war conditions.

Pelliccioli, one of the restorers who had studied the picture inch by inch, after months of controversy, was allowed to work with the "tempera forte" and revive the original masterpiece of Leonardo.

LIFELIKE REALISM

Bernard Berenson, the sage of Italian Renaissance, on looking at the hem of Judas's tunic and the pewter plate laid before Christ, commented, "I felt I had touched the bottom. I felt that the numerous restorations of centuries had been brushed away, and that I was looking at the 'true' painting of Leonardo."

Second Production Opens New Theatre

Soon after the Drama department ends its production of "The Glass Menagerie" the curtain will rise on the department's second play of the semester—Richard Brinsley Sheridan's "The Rivals."

"The Rivals," which is under the direction of Jules Irving, is well into rehearsal, and will be presented April 7-10 in the Little Theatre of the new Creative Arts building. Although a number of Creative Arts programs have taken place in the Little Theatre, State's production of Sheridan's comedy will officially open the auditorium.

Among the members of the "Rivals" cast are: Margery Werby, Rudy Solari, Shaffer Fulton, Shirley Chambers, Bruce Chesse, Henrietta Edwards, Manuel Carvalho, Marilyn Bonny, Dion Chesse, and Alan Simms.

Reservations for the production can be made at the Creative Arts box office, NCA 110, or by calling college 440.

FOR THOSE WHO DIDN'T KNOW ALREADY...

Persons who are not familiar with some of the intricacies of student government, allow me to repeat Article 4 of the Preamble to the Associated Student's Constitution. To wit: "We, the Associated Students of San Francisco State College, in order to, . . . promote free and open means of communication, both written and oral, and intercourse between all the members of this association, . . . do adopt and establish this constitution."

ROUND THE CAMPUS IN 30 SECONDS (WALTER WINCHELL STYLE)...

Somebody finally got the bright idea that MAYBE it might better to cut holes in the fence surrounding the below-the-library parking lot. The scene so familiar, of ladies, both young and older, clambering clutched-skirt over the barrier has been eliminated . . . sigh . . . I still have not been able to discover a flag on campus (United States, that is) somebody bad stole the U.S. flag?

SOMEONE SAY SOMETHING ABOUT A TUITION RAISE?...

Action in the State Legislature regarding a raise in tuition and service fees in the state colleges, brought to mind the financial condition of S.F. State students. I don't mean to imply that the students are well off, but some people on campus may have noticed the student who was wearing a dime-and clip recently—that's right, a paper clip with a dime inserted. It's a start toward carfare at least.

Music Concert to Be Held at State

Ensembles made up of woodwind, string, and percussion instruments will be featured in the second of the series of Chamber Music Concerts which, under the direction of Ferenc Molnar, are being sponsored by the Creative Arts Department this semester.

These ensemble groups, which will perform on Tuesday evening, March 30, in the Little Theatre, will play works of Mozart, Bartok and Beethoven.

Because the Creative Arts department has received a grant from the May T. Morrison trust estate for presenting the Chamber Music Concert series, admission is free. The March 30 performance will begin at 8:00 p.m.

MUSIC FED RECITALS

The Music Federation in cooperation with the Music Department faculty has announced a new series of student recitals.

This new series of recitals will begin on April 1, 1954, and will be held every Thursday afternoon in Room 221, Creative Arts Building.

The student recitals will be presented "to give our student body the opportunity of becoming acquainted with the musical artists that attend S.F. State."

CSTA Discuss Membership Plans and Improvements

Ways of increasing membership in the Northern California Student Teacher Association were discussed last Saturday, March 6, at Mills College.

The conference was primarily held to lay ground work for the conference to be held at Asilomar, April 9 and 10.

Several committees met after the opening speech and the most pertinent problems were discussed. Some 75 students participated in the committee meetings.

The membership committee discussed ways of improving the organization to make it more attractive to prospective members. Dale Diamond, president of San Francisco State's C.S.T.A., attended this committee.

Barbara Anderson, a S.F. State student, attended the meeting of the Ethics Committee. An Ethics Code for student teachers was drafted.

Ways of encouraging the organization of educational clubs at junior college's and high schools and trying to get more people interested in education were problems discussed by another committee. Derk Gysbers, attending S.F. State, attended this committee meeting.

All findings from the committee meetings will be given at the conference at Asilomar.

Mr. Charles Hamilton, California Teachers Association sponsor of the C.S.T.A., spoke for a few minutes to the people present and outlined the purpose of the conference.

KRTG May Go on Local Air Waves

Suggestions for bringing KRTG on the radio band are under consideration by S.F. State College. This follows on the heels of the recent meeting of the Seventh Annual Western Radio-TV Conference on the college campus.

If approved, KRTG would be given 15 minutes for newscasts originating live from KRTG studios, and transmitted over telephone lines to KALW. This would eventually be worked into an hour of KRTG programs that would be sent to the general public.

William Switzer, faculty sponsor for KRTG, stated that the arrangements for the broadcasts would be on an instructional basis rather than a direct function of Radio-TV Guild, and that all departments of Creative Arts may be utilized.

At the present time KRTG must remain off the air until arrangements have been clarified and approved.

Telephone lines to KALW could be installed the day after the telephone company receives word to go ahead. Cost of the operation would be in the neighborhood of one dollar per day.

Developments in these matters are being closely followed by Paul Speegle, head of S.F. State's radio-TV department.

Average Frosh 19, Survey Reveals

In a statistical survey of 1145 freshman students in the fall semester, 1953, Dr. James F. Day computed their age as 18.77 years.

Age distribution of the group showed 3 persons over 50, 8 over 40, 34 over 30, 266 over 20, and 822 under 20.

He also deducted that the top countries in citizenship distribution were: United States with 1089, Jordan with 6, Great Britain and China with 5 each. The low countries distribution included Korea, Latvia and Guatemala, with one student each. Every continent in the world was represented.

One hundred and sixty-five students were veterans, 837 were non-veterans and 143 did not record any status.

Living arrangements registered by the students showed that 890 planned to live with their parents or other relatives, 37 will keep house alone, and 37 planned to stay at a boarding house. The remainder listed varied other arrangements.

Prof. Sheviakov Will Talk on Your Children

Professor George Sheviakov will speak on "You and Your Children" at the next scholarship program on Thursday, April 1st, at 8 p.m. in S 101.

This program is a continuation of events sponsored by the faculty and administration. The purpose of which is to build up scholarship funds for each division in the college. This is accomplished by charging an admission of 25 cents for students and 50 cents for faculty and visitors.

The scholarships offered would assist the financing of worthy and needy students who might otherwise be compelled to drop out of school; they provide increased incentive toward maximum achievement for all students; and they would help attract promising new students to S. F. State.

Other programs were Dr. Alfred Fisk speaking on "India and the East-West Struggle," and an Income Tax Workshop conducted by Mr. George Stenberg and Mr. Leo McClutchy.

Kappa Delta Pi Meets at Purple

Delegates at the 19th Biennial convention of Kappa Delta Pi, national education honorary, heard two speakers offer methods of improving modern education. The speeches were given during the three day conference held at Purdue University, which ended March 15.

Two major tasks facing education today are developing teachers who act on thought rather than according to pattern and training teachers who can cause children to act on thought, according to Dr. Florence Stratmeyer of Teachers College, Columbia University.

Dr. Stratmeyer urged teach-

ers to look at children as individuals rather than as a group and stressed the need "to see children with problems rather than as problem children."

Members and guests of Kappa Delta Pi were told that critics of public education will not be silenced until laymen and educators study carefully together the problems and either reaffirm their faith in the basic principles on which the system is built or agree on revisions to meet the changing needs and conditions.

The speaker was Dr. V. T. Thayer, who spoke at the convocation banquet in the Union

IT'S ALL A MATTER OF TASTE

It's not surprising Luckies lead
In college circulation—
These better-tasting cigarettes
Are tops across the nation!

Roger Maserang
Southern Illinois Univ.

COLLEGE SMOKERS PREFER LUCKIES

A comprehensive survey—based on 31,000 student interviews and supervised by college professors—shows that smokers in colleges from coast to coast prefer Luckies to all other brands! The No. 1 reason: Luckies' better taste!

When you come right down to it, you smoke for one simple reason... enjoyment. And smoking enjoyment is all a matter of taste. Yes, taste is what counts in a cigarette. And Luckies taste better.

Two facts explain why Luckies taste better. First, L.S./M.F.T.—Lucky Strike means fine tobacco... light, mild, good-tasting tobacco. Second, Luckies are actually made better to taste better... always round, firm, fully packed to draw freely and smoke evenly.

So, for the enjoyment you get from better taste, and only from better taste, Be Happy—Go Lucky. Get a pack or a carton of better-tasting Luckies today.

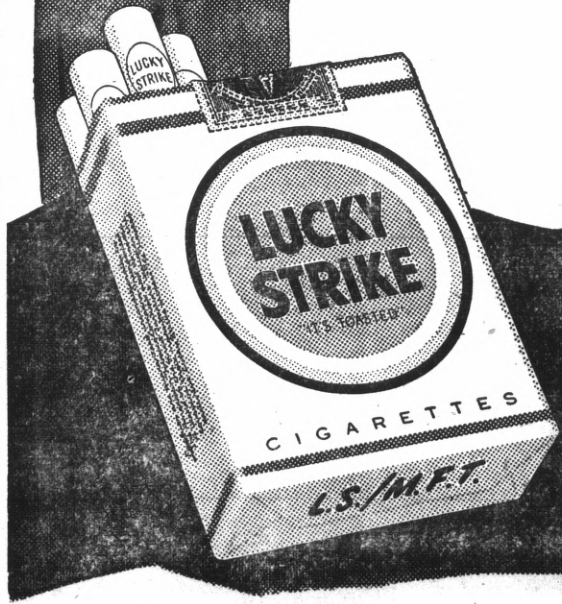

In cigarettes that always please,
The flavor must be right,
So students wise choose Lucky Strike,
The tops in taste delight!

Robert A. Rutherford
Long Beach State College

If you try hard to write a rhyme
For Lucky Strike to use,
It really helps if you would taste
A Lucky while you muse!

TRACKSTERS VIE IN BIGGEST MEET

San Jose, Santa Clara Offer Stiff Competition

State's 1954 tracksters make their season debut tomorrow afternoon in one of the biggest meets a Gator outfit has ever participated in.

San Jose State and the Santa Clara Youth Center offer the competition. San Jose, which fields a powerhouse annually, is expected to have too many guns for the locals. The results should cause many experts to sit up and take notice that S.F. State will be winning its share this spring. Last year, the Gators lost only to San Jose.

Track is one of State's most successful sports from a win-loss standpoint. A Gator team has never won less than 75 per cent of its meets. Coach Ray Kaufman tabs this year's team as being "as good as any team in the Far Western Conference."

The San Jose Spartans are traditionally respected as being somewhat better than average on the cinders. Two years ago, the Spartans placed second in the NCAA meet, losing only to U.S.C. while defeating a host of track powers, including Cal, Kansas, Stanford, Ohio State, and Illinois.

State's spikesters, however, have built up considerable prestige themselves. According to Coach Kaufman, the Purple and Gold has won the championship each of its last three years in the Far Western Conference.

Jim Shettler, State's most outstanding performer last year, will again run the mile tomorrow. Shettler holds the college record for that event at 4:30.5. An unfortunate sidelight is that Shettler is about to be drafted and will only be able to run three meets.

Throwing the discus, once again, will be George Von Arx, F.W.C. champ before spending three years in the service. Herb Franklin, another veteran from the military service, will be back throwing the javelin. Of Franklin, Coach Kaufman com-

ments, "He should be one of the best in the west this year. We expect him to throw at least 200 feet."

Big Al Desin, the basketball player, "should high jump 6 ft. 2 in. this year," according to Kaufman.

Low freshman, John Bologna, shows promise at the shot put. He has been throwing 45 feet in practice.

Other individual stars are Fred Berensmeier, Jack Landers, Frank Walsh, and Leon Cathy in the hurdles, and Ortese Elmore in the sprints.

Boxers Sojourn To N.C.A.A. Meet

Gator boxers will sojourn to Pocatello, Idaho, on April 1, 2, and 3, to engage in the big N.C.A.A. Tournament.

Top candidates among State boxers will be Vic Viviano, Northern California Intercollegiate 165-pound boxing champ, Willie Couter, 125-pound Northern California Champ, and Ashberry Butler, 119, another Northern California Champ. Viviano was also one of the two men chosen as the outstanding boxers in the recent Northern California Boxing Championships held at State.

Clever John Fawcett, 132 pounds, and rugged 156-pounder, Dick Kelley, are other good Gator contenders.

Mural....

Notes

By H. P. ROSCELLI

The Intramural Department lists the following activities which will be part of the intramural program this fall.

Tennis: starts March 29. This will include singles and matched doubles. Robert "Hook" Arata and Barbara Swanson are heavy favorites to annex the mixed doubles.

Wrestling: Finals for the Novice, All-College and Open Class Championship matches will be held on April 1, in the men's gymnasium.

Speedball: On April 5, speedball, one of the most popular activities of the intramural program begins. This exciting game appeals to participants and spectators alike. All games will be played on the football field between 12-1 p.m.

Golf putting: on April 7-8, the Intramural Department holds its first golf putting contest in the history of the school. It will take place between the hours of 12-3 p.m. This activity is open to both faculty members and students. All necessary equipment will be furnished. Rules will be posted around the gym. Continuance of this event depends on the turnout, so everyone interested in golf should come out and help make this a permanent intramural event.

Along with the above activities, the Volleyball League is rapidly coming to a close. Leaders are Kappa Omega in the Frat League, the Iranians in the Club League and the Frosh Comets in the Freshman League.

State's Baseball Players Defeat Naval Flyers in Fourth Victory

With a trio of Moffett Field pitchers allowing 11 walks in one inning, State's baseballers defeated the Naval Flyers last March 14 on the State diamond, 10-7.

The win marked the fourth straight for Coach Dick Boyle's Gators. Freshman twirler Elmer Clawson, a control specialist, relieved Gator starter John Kalberer in the fifth inning and went on to post his third straight victory, marking him as the Gator's ace pitcher. Clawson has won all games in relief roles.

State was off to a fast start, scoring a run in the second inning, but the Flyers reached Kalberer in the third inning for three runs. The fifth inning found the Gators finally getting to Moffett's nifty left hander, Helmick, for several walks, and he went out. Helmick was followed by two more pitchers, both of whom continued to walk Gators until Flyer ace, John Hayes, who had pitched the day before, finally entered to get the side out.

Moffett tried hard to get back

in the game, scoring two runs in the seventh and one each in the eighth and nine innings, but they fell short.

Left fielder Ron Rosenberg was the Gator top hitter, getting a single and double in four trips.

CAMELS AGREE WITH MORE PEOPLE THAN ANY OTHER CIGARETTE!

Gator Boxers Lose in Pacific Coast Finals

Three San Francisco State boxers failed to win a title in the Pacific Coast intercollegiate boxing championships held at Sacramento's Memorial Auditorium last week-end.

Only little Ashberry Butler, State 119 pound Northern California boxing champ, managed to reach the finals on March 20, where he lost a decision to Nick Kobe of Idaho State. Butler had beaten California's Phil Ishimura in the semi-finals on March 19 to reach the finals.

State's clever John Fawcett, 132 pounds, managed to work his way into the semi-finals by decisioning San Jose State's 132 pound Northern California boxing champ, Joe Rodriguez, in the opening round of the tournament on March 18. Fawcett was handed a tko loss in the semi-finals at the hands of Washington State's Gil Inabab in the third round.

Viv Viviano, Gator 165 pound Northern California boxing champ and outstanding boxer in the Northern California boxing tournament, was beaten in the opening round by Gordon Gladstone, Washington State national intercollegiate boxing champion of 1953.

Gladstone scored a one-sided, decisive victory over Viviano.

Washington State took top team honors in the tournament by virtue of three wins and two runner-ups.

Len Nichols, University of Idaho's 147 pound ace, was adjudged the tournament's best boxer.

San Jose State finished second with 29 points, while Idaho State was third with 28. Other team scores were University of Idaho, 10; Chico State, 10; S.F. State, 5; Cal., 5; Santa Clara, 2; Nevada, Cal Poly and College of Idaho, 0.

Rally Features Wrestlers In Annual Event

One of the annual Intramural sporting events will be held at the Rally on Thursday, April 1, 1954, from 12:15-2:00.

This Rally will feature the finals of the Intramural Wrestling Tournament. Intramurals are an important part of the activity program at S.F. State and a large crowd is expected.

Mr. Harkness is head of the Intramural program. On the Rally Committee this year are Len Lundgren, Ron Rosenberg, George Wehner, and Dino Gofas.

Golfers Tee-off With Cal Aggies

Steel shafts will be whipping through air today when State's golfers meet the Cal Aggies at near-by Harding Golf course at 1 p.m. The Gators met the Aggies previously in their second match of the season and soundly swatted them, 26½-½.

On March 30, State will engage in a rarity in college golf, a triangle meet. The Gators will be in competition against Sacramento State and Nevada at Haggins Oaks course in Sacramento. The match will begin at 1:00 p.m.

Kalberer, Clawson Join To Overcome Alumni

State's varsity baseball team beat the Alumni March 6 at the Gator home field, 7-5.

John Kalberer, sophomore just out of the Coast Guard, pitched his first game for State and looked impressive. Freshman catcher Tony Ganizzo hit the best ball of the game, a long triple. Freshman twirler Elmer Clawson took over for Kalberer and received credit for the victory.

Sportrait

This Sportrait picks two men to share honors as the outstanding athletes of the week. Vic Viviano, 165 pound Northern California boxing champ, and Bill Schmidt, State's outstanding blind wrestler, who will be the principal subject in a story soon to appear in Life Magazine, are the choices.

Viviano was picked because of his outstanding performances in capturing the Northern California Intercollegiate 165-pound Boxing Championship and also in being chosen as outstanding boxer in the tourney held at State.

Going into the tournament, Viviano had scored three straight k.o.'s. He then took down two exciting decisions in the tournament, the final one allowing State to tie with San Jose State as team co-winners.

Schmidt was chosen because of the same qualities that Life Magazine thought were good enough to do a story on, ability, courage and sportsmanship.

Swim Team to Fresno

State's swimming team meets Fresno State's Bulldog swimmers tonight at Fresno, 8 p.m. On Wednesday, March 31, the Gators return home to engage Treasure Island at 7:30 p.m.

FREE NYLONS

Five pairs of our best Nylons will go to the five girls (one pair each) submitting the best 25 word (or less) definition of

LEROY PACINI

Reports On Sports

CUT TO THE BONE...

A few weeks ago we wrote in our column what we thought would be the outcome of the Olson-Gavilan middleweight title fight coming up in April. We picked Olson to win the decision. We have since received a letter from a fan, to put it loosely, which singed our pinkies when we picked it up.

Evidently, Stan Kroner, our pen pal, likes Gavilan.

He insinuated that if we had any guts, we would have attempted to pick the American League pennant winner, the Santa Anita Handicap victor, or the Far Western Conference Baseball Champs.

"Any goof," writes Mr. Kroner, "can get lucky and pick a fight, because no matter how you look at it, you have a fifty-fifty chance of winning. Mr. Pacini, if you had any guts at all, you would not have chosen a fight..."

By your statement, Mr. Kroner, Lu-Lu Perez would stand a fifty-fifty chance against Rocky Marciano.

GOING OUT ON A LIMB...

But to show Mr. Kroner we have some "guts," we will make a few more predictions.

The Yanks will naturally win in the American League, the Giants in the National League, and to go further, the Yanks will take the Series in four. State's Gators will be the Far Western Conference Champs; Marciano will dispose of Charles within seven; Vince Martinez will be the next welterweight champ; Demarco will beat Carter in the rematch; Willy Pep will make a come back; it will be the 49'ers beating Cleveland for the pro-football championship next fall; Ty Cobb will definitely not make a come back, and Rex Layne will not win the championship.

Flying Club Will Start Instruction

The newly organized flying club completed arrangements last week and received delivery of its first airplane.

The plane is a 65 horsepower Piper "Cub Coupe." It is equipped with complete instruments and radio and is considered ideal for the training of student pilots.

The aircraft is hangered at Half Moon Bay Airport and actual flight instruction is expected to begin sometime next week.

It is the goal of the Flying Club to acquire approximately 15 new members and purchase a second more advanced type aircraft, probably a Cessna 120 or 140.

Language Arts Group Will Hear Speaker

The recently formed Language Arts club, under the direction of its organizer, Dr. Fredrik Feltham, will hold its next meeting March 30 from 1 to 3 p.m. in room B of the College Union.

The first hour of the meeting will be devoted to business affairs, in which a schedule will be devised for the rotation of group chairmen.

John Disch, Humanities major, will speak during the second hour. His subject will be "Convention and Revolt in Music as a Language." Mr. Disch is a former music major.

Future programs will be: "Language Arts, What Is It?," "Writing and Publication," "The Aesthetics of Language Arts," and "The Significance of Current Writings Dealing with Language Arts."

TRACK SCHEDULE

March 27—San Jose State and Santa Clara Youth Center, at San Jose.

April 3—Cal Aggies, at Davis.

April 10—Nevada, at San Francisco.

April 17—Cal Poly, at San Francisco.

April 24—C.O.P., at San Francisco.

May 1—Chico State and Sacramento State, at Sacramento.

May 8—San Jose Invitational Meet, at San Jose.

May 15—Far Western Conference Meet, at Davis.

Student Teachers Will Meet March 30

All students interested in teaching are invited to attend a regular meeting of the California Student-Teacher's Association. March 30.

The meeting will feature a school administrator holding mock employment interviews with prospective teachers. This will also provide an opportunity for the students to see what the schools are looking for in teachers.

Students are invited to come to room 162 in the Administration building for a get-acquainted cup of coffee, then to BSS 104, 3:30 p.m., for the meeting.

World Business Group to Tour

Students of world business will be able to study business conditions of the world during a tour this summer under the direction of Mr. Wayne M. Stevens, Director of the School of World Business at S.F. State.

This study tour makes possible for the student of world business a laboratory and field experience in the areas of marketing, importing, financing and economic and market analysis. It will give opportunity to make practical application of classroom work by actual contact with diversified markets in a large number of countries.

While primary emphasis is on business development, the tour is also planned to increase the international understanding

of the participants. Members of the group will meet in conference and meet socially with the local business and government leaders in 45 capitals, commercial centers of 34 countries, for discussion of world problems with special relationship to economic and trade development.

The tour has been carefully planned to include the following major centers of interest: In the Middle East—Afghanistan, Iraq, Syria, Lebanon, Jordan, Egypt, and Turkey; in Europe—Yugoslavia, Greece, Italy, Switzerland, Austria, Germany, France, Belgium, Holland, Denmark, Finland, Sweden, Norway, Great Britain, and Iceland, with optional visits to Spain and Portugal; in the Far

East—Japan, Korea, Formosa, Hong Kong, Philippines, Siam, Singapore, Indonesia, Ceylon, India, Kashmir and Pakistan, with optional visits to Australia, New Zealand and Pacific Islands. Arrangements have also been made for week-end trips to spots of unusual tourist interest.

The tour will depart from San Francisco on June 12 and will return to New York September 11. Arrangements may be made to include only part of the world tour or to spend additional time in certain areas such as the Pacific, the Middle East, the Far East, and Europe. Details of these options may be obtained from the tour director.

THIS IS IT!

L&M FILTERS ARE JUST WHAT THE DOCTOR ORDERED

I smoked filter tip cigarettes for years before I tried L&M's. They have a far better flavor than any other brand of filters I have ever smoked. Read the facts below and try L&M's yourself. You'll like them too.

Barbara Stanwyck

America's Highest Quality and Best Filter Tip Cigarette...

1. Effective Filtration, from the Miracle Product—Alpha Cellulose. Exclusive to L&M Filters, and entirely pure and harmless to health.

2. Selective Filtration—the L&M non-mineral filter selects and removes the heavy particles, leaving you a light and mild smoke.

3. Much Less Nicotine—the L&M Filter* removes one-third of the smoke, leaves you all the satisfaction.

4. Much More Flavor and Aroma. At last a filter tip cigarette with plenty of good taste. Reason—L&M Filters' premium quality tobaccos; a blend which includes special aromatic types.
